

Miss Oddette's Story

I manufacture Miss Oddette's La. style family recipe BBQ Sauces that are the best in the world. Special Report is my mild sauce. First you taste sweet, then a tang, then a kick. Special Report offers versatility, inspires your imagination and leaves your tongue longing for a slab of ribs. Special Report is a three generation family tradition with its origins in Lake Charles, La. It compliments everything you put it on from ribs to beans to meatloaf. Then there is No Joke. First you taste sweet, then the heat, and it keeps coming...No Joke also offers versatility, inspires your taste buds, then leaves you dreaming of chicken, or is that pork chops or ribs? This sauce is great on all you put it on from chicken and ribs, to shrimp and Doritos, and even Bloody Marys.

My grandmother taught me how to make BBQ Sauce as a teenager for our family and I became the sauce maker after she passed in 1976. I started a catering business in 2003 as a second career making the sauces as a condiment to my smoked meats and was constantly encouraged to market my sauce. I now have them made commercially and they are beginning to do well. They are made from quality ingredients the most important being Love. Both sauces are versatile and can be used on all meats, grilled vegetables, as pizza sauce, shrimp cocktail sauce, in meatloaf, you name it.

Miss Oddette is changing the way America does BBQ Sauce. They contribute to the creation of wonderful memories and inspire people to prepare and share dishes and recipes. When you taste them you too will agree they are the best in the world.
